The graduating class of 1957 takes this opportunity in showing our graditude to our Principal, John Bambenek, who for our six High School years has helped us on our first stepping stones of education and life. To him we have taken our problems and from him has come credit for our accomplishments. May the dedication of this annual result in pleasant memories to him in later years as they will to us.

Renewed Soviet military action against rebels in Hungary forced thousands to flee into neighboring Austria and to seek new homes in other countries, including the United States.

Racial tension cropped up in the South when local and state school officials began intergrating classes in compliance with the supreme court decision against segregation. In one southern state a Negro student had a national guard escort from school.

Lois Westbrook, Rosalie Grosenick, Kathryn Roerig, and Audrey Lubbers, our four capable "A" team cheerleaders are all members of the 1957 graduating class. Their cheerful smiles and determination to win lead our team on to numerous victories. In this picture, they are shown in the outfits they wore for football games. During the basketball season they wore maroon culottes.

Due to unfortunate circumstances, we were unable to take a picture of the "B" team cheerleaders, who were Janet Grosenick, Laura Smith and Carol Hedrick. These energetic girls cheered their team to a brilliant season's play of fifteen victories and only four losses. A small snapshot can be seen by the "B" team players on the basketball page.
